Is it difficult to port my number? 1. Depending on your current supplier porting an 0800, 0870, 0871 or 0845 number is relatively simple. With your permission Y-net UK can act on your behalf & port the number for you. When porting numbers we always ensure that they are ported without disruption / downtime.

Porting Non-Geographic Numbers Info Your number will NOT be ported to Y-net UK without your express permission, completing a Porting request form does NOT obligate you to port your service(s) to us, Y-net UK will simply offer you alternative pricing schemes. Y-net UK may send you occasional e-mails regarding promotional offers that may interest you however this information will NOT be shared with third parties. The time it takes to transfer your current 08 number will depend on which network provider you are currently with. **Please Note: Numbers cannot be ported from some suppliers.

Do you have an existing 0800, 0845, 0870 or 0871 number with another supplier? Why not give us a ring to see if we can save you money on your telecommunications.
