Y-Net UK provides business solutions of many kinds, helping many companies from wishing to launch on the world wide web (www) to established companies wishing to better their search engine ranking as well as many more business solutions such as seo copywriting, graphic design, ecommerce solutions, web design, web hosting, seo, link building and telecommunications products such as 0844 0845 0800 070 and many more phone numbers which can help your business. We can provide you with a place to host your website. In partnership with Hosting Solutions (www.hosting-solutions.co.uk) this enables us to offer our customers quality web hosting with business solutions in mind. No more worrying about your website being online hosting solutions use a comprehensive monitoring system to monitor their servers from 5 locations worldwide. We can also provide your company with Non Geographical phone numbers such as low cost 0845 numbers (costs your customer no more than 4.5p per min from anywhere in the uk from a landline) and 0870 / 0871 (national rate phone numbers). Perhaps you need a Virtual Geographical Number, have a London number and a Manchester number when your office is in Scotland for example. These numbers allow you to choose what area you would like your phone number to look like its from. Perhaps your company would benefit from a 0800 freephone number? Please do not hesitate to contact us should you wish to discuss your business needs. You can do this by using the contact us link from the main menu, alternatively if you would like to speak to a member of staff please call 0844 8 84 84 99
